Greetings,

We raise cattle using regenerative agricultural practices in Montrose, CO, and this year we are hosting the first annual Cowpoke Palooza on October 15th at the Montrose Amphitheater. The amphitheater was built to bring people together, and we hope to do just that, gathering over 2,000 community members to celebrate the agricultural bounty of the Western Slope with live music, a farmers' market, western artisans, a raffle, games, and of course lots of delicious local food. As a first-generation rancher just starting out, we are building Uncompahgre Farms to do right not just by the land and the cows, but also to connect neighbors to their local producers and each other. The Cowpoke Palooza will bridge differences by showcasing the universalities that bring us together- good food, good music, and good friends.

While celebrating farming and ranching on the Western Slope, we will also be raising funds to preserve agricultural land here in the valley, with the hopes that as the community grows, we can continue to depend on green space to support a robust local food system to nourish us.

We are looking for sponsors interested in helping us bring people together for this agrarian celebration. If you are interested in contributing in-kind or monetary donations, please reach out to Brittany Duffy at cowpokepalooza@gmail.com or (305) 216-4682. Thank you for your time and consideration, and we look forward to hearing from you!

Thank you very much,

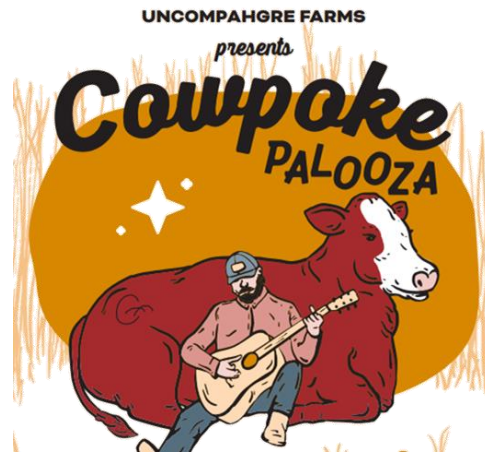

Caleb Valdez
